

## **MSAB Secures Major Contract worth SEK 11.2 million with UK Law Enforcement Agency**

MSAB (Micro Systemation AB, publ), a global leader in digital forensics technology, has signed a substantial agreement valued at SEK 11.2 million with a UK Law Enforcement Agency.

The contract encompasses the renewal of software licenses for XRY, XAMN and XEC, MSAB's industry-leading solutions for mobile device extraction, analysis and data management. A key component of this solution is the recently launched MSAB Mk 4 Kiosk. The agreement includes comprehensive software support and service and is valid for a period of one year.

"EMEA is a strategically important region for MSAB, and we are therefore delighted that this UK law enforcement agency continues to demonstrate their trust and confidence in our frontline technology," says Peter Gille, CEO at MSAB. "Our relationships with customers are long-term and built on trust and a commitment to helping them achieve their mission-critical objectives both now and in the future."

This UK agency utilizes MSAB's solutions to reliably and efficiently access data from mobile devices across their geographical region at key frontline locations and to reinforce and enhance their operational efficiency.

Revenue from this agreement is expected to be recognized in the company's third quarter.
